Handling objections				
Closing the deal				
Successfully completing the company presentation				
Understanding the sales process (all of your offerings (other than selling to others))				

“

“I was feeling really frustrated in sales when I met Melissa. Through her program I regained my confidence and started producing bigger sales results for the rest of the year. By the end of our fiscal year I was 133% of my annual quota/budget. I really believe this will take me to the next level.”

- Candy, Document Solutions Consultant

“Melissa's level of excellence sets a standard that we all are challenged to reach. I am very confident that anyone who works with Melissa on a project will walk away a changed person. Her insights and experience have proven to be extremely valuable to me and to my company.”

- Jason, Construction Management

”

TOPICS COVERED

MAXIMIZING YOUR MINUTES

(Time & Territory Management)

Participants will learn the importance of planning and how these necessary steps can either catapult them in their career, or the lack of planning can destroy them. Participants will learn the importance of:

- Utilizing a planner/schedule.
- Developing a 30/60/90 forecast.
- Using the S.M.A.R.T. technique in setting goals.
- Understanding “time traps.”
- The benefits of using a database management (CRM) system.

UNDERSTANDING YOUR ASSESSMENT

- Understanding how you are wired.
- Discovering what priorities shape your sales experience.
- Identifying your sales strengths based on your wiring.
- Uncovering potential challenges you may have in sales.

PSYCHOLOGY OF BUYERS

- Awareness: 4 Different Buyer Styles.
- Identify: Behaviors.
- Understand: What each Buyers' priorities are.
- Personal Wiring: How your personal wiring plays into your relationships.
- Adapt & Relate: How to adapt to your customer/buyer, increase trust and build superior relationships.

FINDING IDEAL CLIENTS

(Effective Prospecting)

Participants will learn how to qualify prospects and build relationships with them. Participants will also:

- Learn how to effectively cold call & warm call for new business.
- Discuss talk tracks that work in today's economy.
- Identify what opportunities to look for & where to find leads.
- Understand how to fill a sales funnel with correct ratios of opportunities.
- Use a combination approach (phone, field, email, vm & social).
- Develop a strong Value Proposition.
- Understand what information needs to be gathered on a call.
- Learn how to decipher between an “ideal prospect” and a “poor prospect.”
- Learn how to set “qualified” appointments & move-forward commitments.
- Discuss how to build rapport with new clients and be a “farmer” with current clients.

THE POWER OF PRIORITIZATION

WHAT 116 MILLION SALES ACTIVITIES SHOW US ABOUT THE POWER OF PRIORITIZING YOUR PROSPECTS
